

Bayer-Tsinghua Collaboration

*2022 Call for Applications  
for Bayer Investigator  
Award*

**Collaborate to Cure Hub China  
Bayer Pharmaceuticals**

**拜耳处方药中国合作创新中心**

July 2022

**RESTRICTED**

# Introduction

## About Bayer Investigator Award

**Bayer Investigator Award** is presented annually since 2009 to Tsinghua Investigators for their scientific excellence in the research field relevant to Bayer Pharma R&D

- // 150 kCNY Award for each selected Bayer Investigator
- // Connected to Bayer scientists for potential research collaboration discussion

## Who May Apply?

**Eligibility criteria** of the Bayer Investigators are:

- // Full-time employees of Tsinghua at the time of applying and receiving the award
- // Working in the School of Life Sciences, School of Medicine, School of Pharmaceutical Sciences or Department of Chemistry, School of Information Science and Technology of Tsinghua
- // Independent of having a project with Bayer or not
- // **Must not** be healthcare professionals, or employed by a hospital due to international compliance requirements
- // Members of the Joint Steering Committee (JSC) may not apply for the award
- // Have not been selected as Bayer Investigator in the previous 36 months

# Selection

- // Selection of the Bayer Investigators is based on **two considerations**:
  - // Research excellence, e.g. publication records over the past five years (2017—2022)
  - // Research relevance to Bayer's areas of interest, including:
    - // Therapeutic areas in Oncology, Cardiovascular Diseases, Women's health, Ophthalmology, Hematology, Lung diseases, Kidney diseases;
    - // Disease mechanism understanding;
    - // Disruptive technologies/platforms that enable target identification/drug discovery;
    - // Novel therapeutic modalities, e.g. peptide binders, protein degraders, molecular glue, RNA therapeutics, cell and gene therapy;
    - // Novel delivery technologies for targeted tissues, new modalities, large biomolecules
  
- // Selection will be conducted by the Joint Steering Committee (JSC) from both Bayer and Tsinghua University

# Application Process

## 1 Fill out the Application Form, which includes:

- // A short description of research interests and achievements
- // A list of relevant publications, and publications aligned with Bayer's areas of interest (if any)
- // Curriculum Vitae

## 2 Submit your application to Bayer and Tsinghua Alliance Managers
